## WELCOME TO OUR 1<sup>ST</sup> EDITION OF THE BRIDPORT FLYER!

How do you like this new publication for Bridport and the DT6 postcode?

We are delighted by the response from local businesses and voluntary organisations who have helped us to put this Winter 2020 edition together. **Thank you all.**

2020 has been a year of challenges, change and contrasts. Many businesses have continued, virtually unaffected by the Covid-19 pandemic. Other businesses have sadly been badly damaged by enforced closures. Many residents have been forced to stay at home, isolating themselves from family and friends, as they try to avoid infection. For others, particularly in front-line and essential roles, they still have to report for work, even during this second "lock-down".

We join with the majority, I am sure, who fervently hope that the "lock-down" will indeed be relaxed on the 2<sup>nd</sup> December. In the meantime, I hope you find our bright and colourful publication brings a bit of cheer to you at home during these difficult times. Please try to support our advertisers here in The Bridport Flyer; I am sure they will all be delighted to help you with your requirements.

Please send us your feedback – ideas for inclusion in the next edition; general comments; letters to the Editor – by email please. We shall endeavour to publish them in our Spring 2021 edition.

With best wishes for Christmas and the New Year.

# WEST BAY DISCOVERY CENTRE

West Bay Discovery Centre is a unique attraction with something for all interests and ages.

We offer our visitors a treasure trove of **stories, activities and ideas**. Amongst these are fun ways to learn about the Jurassic coast, the forces of nature, shipbuilding, tourism, local industry and the filming of Broadchurch. Our "hands-on" activities are particularly popular with families. Our displays feature amazing photographs of the local area from both the current age and times past.

The **Discovery Centre** also provides a tourist information point for both residents and visitors with the latest information on what's on in West Bay and West Dorset, together with a selection of trails and guides. In our small gift area we are proud to offer products from local producers, some of them made especially for us.

We use **interactive experiences, local stories and fascinating facts** to provide an insight into West Bay's hidden history and natural environment, which is **fun for all ages**.

Each year the **Discovery Centre** has two themed seasonal exhibitions. From February 2021 year we will be linking in with '**Plastic Free Bridport**' highlighting the amount of plastics in the ocean and from June we will be exploring the local fishing industry, both past and present and the associated marine conservation issues.

Local businessman Jon Pritchard talks about his work...

"I set up **JCP Design** in 2008 in Glasgow after graduating from Product Design Engineering at the Glasgow School of Art. Primarily I make hi-fi speakers to order, but I also do fine cabinet making and specialize in combining electronics with woodwork, like the speakers. I also create bespoke furniture designed in consultation with the client.

This year I moved into a new workshop in **St. Michael's Trading Estate, Bridport** with enough space for a shop front to display examples of my work.

Please take a look at my website [www.jcp-design.co.uk](http://www.jcp-design.co.uk) or pop in and see me, just behind Bridport police station."

Founder Neil Forte has a background in building and roofing. Tiles, ridge tiles and slates are bread and butter to Neil, with tradesmen calling in most mornings for extra materials.

His interesting yard is open to the public 9-3 daily. Christmas is time for bags of logs and Christmas trees, on sale at the yard, conveniently next door to Bridport's recycling centre.

Neil is a keen buyer of gardenalia, architectural pieces, and reclaimed building materials.

Marshall James Garden Development has been established for over 34 years, specialising in working with domestic clients. Our philosophy is that your garden is an extension to your home - another room, and therefore just as important.

Experience over the years has enabled us to now provide our own in-house design service, where we blend our ideas with the individual aspirations of our customers.

We have competed twice at Chelsea with the designer Nick Williams-Ellis. Our Jurassic Coastal Garden won a Silver medal and the Edible Playground Garden won a Gold medal as well as the best Courtyard Garden in show.

We offer a full horticultural service, from design, hard and soft landscaping and specialist maintenance.

Please contact us if we can help you with your next garden project.

## MODBURY WALK

### A WALK AROUND THE HILL FORTS ABOVE THE BRIDE VALLEY

We started at Modbury Farmshop – somewhere to buy a picnic; bread, cheese, fruit and an energy bar! Find them 2 miles out of Burton Bradstock towards Litton Cheney. Our fascination was with the abandoned village of Modbury (circa 1066-1540) and the tumuli and hillforts in the region. Did the village cease to exist following The Black Death? But we looked a bit further, too.

Yes, you got it! There is a bit of rough walking and hill climbing to do! Modbury village is fairly easy to spot along the road to Modbury Farm.

The normally level road takes a rise, with concrete fenceposts on both sides. Stop here and survey the uneven ground either side of the road. Who lived here? What were their occupations? There are various spots along here to safely leave your bicycle or car.

At Modbury Farm, take the first footpath on your left through the farmyard and then gradually climb to No 1 Sturt Cottages. Where are the other properties? Long since lost? Pass through the farmyard, then a copse, over a stream, then an open field with a recently created pond on the right. Bear right past the pond across a field to a track. Cross over into a glade, then emerge into a field. Turn left and climb this field, past another copse, through a gate, keeping left to a metalled road at Sturthill. Here you are at the summit of your climb, with Chilcombe Hill Fort off to the right, and Shipton Hill Fort to the left. Turn left on the road, then immediately left into the drive to Hammiton Farm. Fork right at the second pair of gate pillars, and a tumulus is on your right. Worth a climb to see the views, including the surrounding hillforts. Was this another hillfort?

Turn right past the tumulus, this will take you across fields to the lane from Shipton Gorge to Bredy Farm. Or keep straight ahead across Bredy North Hill, direct to Bredy Farm. In either case, once you reach the lane, turn left and go down to the old bridge over the River Bride. Soon turn left on the metalled road back towards Modbury Farm.

**DISTANCE** - 4 miles

**DURATION** - 2 hours

**DIFFICULTY** - Strenuous

**TAKE A MAP?** - Yes OS Landranger 194

**OPPORTUNITIES** - To take short-cuts – lots of them on the OS map

**FOLLOW THE COUNTRYSIDE CODE** - Please keep dogs on leads. Please close all gates. Please take your litter home.

**Rockburn** is a local climbing centre located in the heart of Bridport, Dorset. The centre offers a variety of activities from "give-it-a-go" taster sessions, after-school clubs, youth climbing clubs to 1-on-1 coaching and outdoor instruction. If you have never climbed before, we offer free centre inductions on Wednesday evenings to get you started!

Created and developed by a local climber, Will Martin, the centre is focussed on providing a socially inclusive atmosphere for all. **Rockburn** is a bouldering centre, challenging climbers to complete routes without ropes or harnesses up to 4.5m height, aided by climbing shoes and chalk.

Now an Olympic sport, climbing is becoming the new go-to activity for developing both fitness and mental dexterity and challenge.

If you want to try something different than the usual sports gym, climbing could be the answer. Visit our website or give us a call to find out more. [www.rockburn-bridport.co.uk](http://www.rockburn-bridport.co.uk)

Bridport has been synonymous for generations with **antiques, reclamation, vintage clothing** and **stylish bargains**. Dealers, browsers and officianados have homed in here every week, not just for the twice-weekly markets, but the wide choice of serious dealers spread around the town.

The game was recently "elevated" when Richard and Sam Paynes-Withers opened **Bridport Antiques**. They chose The Court, a slightly bizarre former offices in West Street, for their new enterprise.

This historic building was the headquarters for Joseph Gundry and Co Ltd (Bridport Gundry) and now houses one of the **finest antiques showrooms** in the south-west of England. With its diverse range of furniture, art, silver and collectables from the 1600's through to the 1900's there is something to cater for everyone's tastes.

## New National Restrictions from 5 November 2020 Protecting people more at risk from coronavirus

If you are over 60 or clinically vulnerable, you could be at higher risk of severe illness from coronavirus. You:

- should be especially careful to follow the rules and minimise your contacts with others
- should continue to wash your hands carefully and more frequently than usual and maintain thorough cleaning of frequently touched areas in your home and/or workspace

### Clinically vulnerable people are those who are:

- aged 70 or over (*regardless of medical conditions*)
- under 70 with an underlying health condition listed below (*that is, anyone instructed to get a flu jab each year on medical grounds*):
- chronic (*long-term*) mild to moderate respiratory diseases, such as asthma, chronic obstructive pulmonary disease (COPD), emphysema or bronchitis
- chronic heart disease, such as heart failure
- chronic kidney disease
- chronic liver disease, such as hepatitis
- chronic neurological conditions, such as Parkinson's disease, motor neurone disease, multiple sclerosis (MS) or cerebral palsy

- diabetes
- a weakened immune system as the result of certain conditions or medicines they are taking (such as steroid tablets)
- being seriously overweight (a body mass index (BMI) of 40 or above)
- pregnant

There is a further group of people who are defined, also on medical grounds, as clinically extremely vulnerable to coronavirus – that is, people with specific serious health conditions. Over this period, we are advising the clinically extremely vulnerable to work from home. If you cannot work from home, you are advised not to go to work and may be eligible for Statutory Sick Pay (SSP) or Employment Support Allowance (ESA). You are encouraged to stay at home as much as possible, but are encouraged to go outside for exercise.

The full guidance is available and the Government will write to everybody who is clinically extremely vulnerable to set out detailed advice while the new restrictions are in place.

# Eco-Spa Designer Facecloths

Designed by **Vikki Haffenden**, author of *Translating Between Hand and Machine Knitting and The Knitting Book*.

Knitted in simple garter stitch, these stylish recycled cotton face cloths make unique, sustainable gifts for friends and family. Create custom colour combinations that have special meaning for recipients or knit one to match your own bathroom décor as a delightful self-indulgence.

The overall size is not critical, so it is possible to substitute with a cotton or cotton blend yarn that is approximately the same stitch count and length-to-weight measurement. However, do knit a garter stitch sample to test the yarn's suitability before knitting the main cloth.

## Materials and equipment:

- Striped facecloth: 1 x 100g (160m length) ball of King Cole Recycled Cotton Aran in
- Col A - 1170 Merlot, Col B - 1161 Surf, Col C - 1167 Buttercup
- Two colour facecloth: 1 x 100g (160m length) ball of King Cole Recycled Cotton Aran in Col A - 1170 Merlot, Col B - 1161 Surf
- Pair of 5.5mm needles
- Large eyed darning needle

## Stitch Tension:

18 stitches x 25 rows = 10cm in stocking stitch (5mm needles), 15 stitches x 14 rows = 10cm in pattern's garter stitch (5.5mm needles)

## Finished dimensions:

20cm square, 28cm across the diagonal

## Hints on working the pattern:

The facecloth is knitted diagonally, and simple increases and decreases create the shape. For a larger square, work additional repeats of the

increases, then work the decreases until you have only 4 stitches left. Swap the dominant colour and you will get eight to ten facecloths from three balls of yarn.

## Striped facecloth:

In Col A, cast on 4 stitches  
Row 1: knit (4)  
Rows 2 - 6: K2, yrn, knit to end (9) Change to Col B.  
Row 7: \* K2, yrn, knit to end  
Rows 8 - 12: Repeat from \* five more times (15)  
Change to Col C  
Row 13: \* K2, yrn, knit to end  
Rows 14 - 18: Repeat from \* five more times (21)  
Change to Col A  
Row 19: \*K2, yrn, knit to end  
Rows 20 - 24: Repeat from \* five more times (27)  
Rows 25 - 36: Repeat rows 7 - 18, starting with Col B and changing colour as indicated (40)  
Change to Col A  
Knit one row  
Next Row: k1, k2tog, yrn, k2tog, knit to end (39)  
Repeat this row until there are 4 stitches left on the needle  
Knit one row

## Two colour facecloth:

In Col B, cast on 4 stitches  
Row 1: knit (4)  
Rows 2 - 30: K2, yrn, knit to end (33)  
Change to Col C.  
Rows 31 - 36: Repeat row 2 (40)  
Knit one row  
Next Row: k1, k2tog, yrn, k2tog, knit to end (39)  
Repeat this row until there are 4 stitches left on the needle  
Knit one row

## Hanging loop (both versions):

Cast on 12 extra stitches (a loosely worked cable cast on is ideal)  
Bind off all the way along the 16 stitches, pull through leaving a longish tail.

## Finishing:

Sew the loop closed using the long tail of yarn.  
Sew in all ends, taking the yarn back along the same colour row each time.

Visit [www.vikkihaffenden.com](http://www.vikkihaffenden.com) for more information about substituting different yarns.

**Happy knitting,  
Vikki**

# Welcome to ATKINS AUCTIONS - your local family run auction house.

Based in Axminster, Devon, we are proud to deliver outstanding old-style values and service, coupled with new style, accessible auctions.

Traditionally auction rooms have been considered a place of mystery for a lot of people; too intimidating to enjoy the experience. Many people are confused with how the process works, presuming it to be complicated – and both buyers and sellers can be disappointed with the amount of hidden costs they incur with all sorts of added extra fee's. We want to change this!

After 30 years in the antiques business we can testify to the fact that auctions are a wonderful process to be enjoyed and should be

simple, profitable and enjoyable. Customers will benefit from our extensive experience in the business whilst receiving a friendly, relaxed and efficient family service.

At **Atkins Auctions** we offer a set 15% + VAT commission rate – for buyers and sellers – that covers everything we do. **EVERYTHING**. There are no extra charges, leaving our customers confident there will be no surprises or disappointments. We believe multiple added extra fee's should be a thing of the past with total fee transparency you can count on.

Come browse on our viewing days and pick out that special item and own your own antique: it's a lot of fun. Get our opinion on an item's valuation. Let us take care of your house clearances with knowledge and speed. It's what we know and what we love to do.

Exciting times for **Auto Body Tec** and the team, as they expand their vehicle body repair business. The opportunity to take on an extra 1,000 square feet of workshop, allowed them to add **wheel refurbishment** and **powder coating** to the services they offer.

During “lock-down”, owners **Ashley** and **Paul** were busy re-arranging the body shop and setting up their new equipment. The last few pieces of machinery have now arrived so the final preparations are now underway and should be up and running from the beginning of August.

Alloy wheels are easily scuffed and soon look unsightly. A quick trip to **Auto Body Tec** and your alloys can be chemically stripped, shot blasted and refurbished, or colour-changed, with powder coating to a manufactures original finish.

The new sector of the business does not just concentrate on refurbishing wheels, any small components can also be shot blasted and powder-coated using their new facilities in their fully equipped workshop.

### TESTIMONIAL

Alan Brown from Stafford - 23<sup>rd</sup> July 2020

"Down here on holiday in our 29 year old Talbot motorhome and the exhaust had come away from the silencer. They were so helpful and welded and reinforced it. They really did go above and beyond and very reasonable charge. Thank you Paul and Paul the Welder."

Founded in 2006 by Oliver and Penny Strong, **Dorset Nectar Cider Farm** is now firmly a family business with sons Dante and Ryan very much part of the team. The original concept was to create and display metal sculptures in a West Dorset orchard setting..... Wow! Look how the enterprise has progressed!

"Dorset Nectar produces a range of **Organic British Champion Ciders**, Apple juices and Apple cider vinegar. Dorset Nectar artisan cider is naturally fermented from **13 varieties of West Country cider apples** grown on our family run farm. The sun ripened apples are whole crushed and pressed at the orchard's cider barn, then patiently nurtured to create a **smooth, delicious cider** that is really **fruity** in taste and **bursting with flavour**. We hand crafted both of our hydraulic presses, the largest using two 58 tonne rams. We press using a traditional rack and cloth method and are renovating an old twin screw 1863 press from Chard."

## AWARD

We're very pleased to have received this in the post today. Our Dabinett Single Variety apple Cider won Cider of the Festival at the 16th Pendle Beer & Cider Festival earlier this year before Lockdown!

## TESTIMONIAL

**Charlie Mason from Bristol**

*"Visited the farm last Tuesday and stayed for a few bottles -walking distance from Pineapple Farm campsite on the same lane. Bought a mixed box too to take home. The Wildcat is outstanding....as indeed are the others. This is seriously good high quality west country cider."*

## UPDATE NOVEMBER 2020
